

CONFIRMATION OF SUCCESSFUL COURSE COMPLETION

To Whom It May Concern,

This is to certify that Ms. Nina Panknin has successfully completed the professional training program:

“Artificial Intelligence in a Business Context – Module 2: AI Consultant”

conducted by HERZBLUT Training & Coaching (MS Business Training & Coaching GmbH).

The program was held from March 9, 2026 to April 2, 2026, comprising 160 instructional units (45 minutes each), including a comprehensive practical final project.

Throughout the program, Ms. Panknin demonstrated strong analytical, conceptual, and practical competencies in the field of Artificial Intelligence, including:

- Application of AI tools and technologies in business environments
- Process automation (No-Code / Low-Code), including development of a mini language model
- Design and implementation of AI-driven solutions (e.g. digital avatars, automated content workflows)
- In-depth understanding of the EU AI Act and GDPR-compliant AI usage
- Process analysis, optimization, and real-world use case development
- Ethical considerations, leadership competencies, and AI integration in organizations

Her performance was assessed through weekly evaluations and a final project presentation. The final project demonstrated her ability to independently design, structure, and implement innovative AI-based solutions at a professional level.

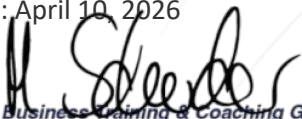

Final Result:

340 / 360 points – Very Good (with distinction)

This result places her among the top-performing participants of the program.

We hereby confirm that Ms. Panknin has successfully fulfilled all requirements of the program.

Date: April 10, 2026
